

POLLY JACOBS GIACCHINA WORKSHOP

THE PEOPLE RATTLE

September 12, 2010

10am to 3pm

Twining is a basketry technique that has two interlacing weavers, traveling over an armature of spokes. It is easy to learn and adaptable to so many shapes and forms.

Learn the basketry technique of twining or push your established skills to a new level. We will concentrate on a dimensional design, a great shape that will make each rattle unique.

All materials will be included. You may bring small beads and found objects to add to your weaving but this is optional.

All skill levels welcome.

Registration: Workshop fee is \$45. For more information or to register, contact kradclif@mac.com.

Student supply list: all materials are provided by instructor.

Workshop will be held in Polly's studio in La Mesa.
